email: doc@amd-pc.com

Summary: Primary care specialist, experienced in providing skilled, compassionate care in both an inpatient and outpatient settings. Detail oriented team member, skilled in managing a wide spectrum of patient care including sub-acute, acute and critical care settings.

Medical Education:

Universidad Central del Este (UCE) May. 2003 - June 2007
San Pedro de Macoris, Dom Rep.
Degree: Medical Doctor (MD)

Undergraduate Education:

Universidad Central del Este (UCE) Jan 2002 - April 2003
San Pedro de Macoris, Dom Rep.
Degree: Pre-med

Miami Lakes Edu Center Jan 1998 - Dec 2000
Miami Lakes, Florida
Degree: AH Nursing

Post Graduate Training:

Mayaguez Medical Center (PHSU Consortium) July 2012 - June 2015
Mayagüez, Puerto Rico
Family Medicine Residency

Duties: Provide direct primary medical care within a structured residency program initially under direct supervision which gradually evolved to indirect supervision. Significant exposure to outpatient as well as inpatient care. Residents are trained to provide care for our clients/patients from outpatient clinics to inpatient medical wards including critical care units when needed. We were given ample opportunities to develop competence in applying clinical knowledge as well as developing practical skills. We ran our own codes, managed our mechanically ventilated patients from intubation to successful extubation, placed our own central lines, performed paracentesis, thoracentesis with strong sub-specialist guidance and backup. As Chief Resident in this newly formed program my duties included academic development, supervising and evaluating rotating medical students, assigning academic workload, establishing call schedule, interviewing residency candidates and participating in disciplinary actions.

Manati Medical Center (Dorado Health)

July 2011 - June 2012

Manati, Puerto Rico

Rotating Internship

Duties: Traditional twelve month rotating internship where I provided patient care under the direct and indirect supervision of faculty physicians. All rotations were inpatient and included two months each in the medical ward, pediatric ward, labor and delivery, emergency department, surgical ward as operative first assistant. Two elective rotations, one in infectious disease and the other in nephrology. Upon completion of this internship I was able to take USMLE step 3 and obtain my first unrestricted license to practice medicine.

Professional Experience:

- Adesso Professional Services

Aug 2018 - Present

AMD Primary Care - Orange Park, FL

My private VIP-concierge styled private clinic. We provide comprehensive primary care services (Family Medicine) to residents of Clay and Duval counties.

- Memorial Satilla Health (Team Health Hospitalist)

Aug 2017 - Present

Memorial Satilla Hospital- Waycross, GA

Provide inpatient primary care to assigned clients, manage variable patient loads from 16-24 patients, frequently including a large number in the critical care unit. Actively work towards stabilizing acutely ill clients until they can safely transition to a lower level of care.

- Sound Physicians

Nov 2016 - Present

University of Florida - Jacksonville, FL

Florida (Advent)Hospital System - Palm Coast, FL

Provide per diem inpatient primary care services in a 500+ bed tertiary referral hospital. Competently manage highly variable patient load. Actively work towards stabilizing acutely ill clients until they can be safely discharged or transitioned to a lower level of care.

- Conway Medical Center (Team Health Hospitalist)

July 2015 - Dec-2019

Conway, South Carolina

Provided inpatient primary medical care to assigned clients, managed variable patient loads including critical care units. Managed patients on life support including ventilator management and adjustment of advanced medication drips and protocols. In summary, I work towards stabilizing clients who need acute inpatient care until they can be safely transitioned back home or to a lower level of care facility.
